Bigansui targets acne

The Oldest Long Seller
Medicated Lotion in Japan

Medicated formula for acne
Double Active Ingredients

Salicylic Acid

Pionin

Two active ingredients sterilize acne bacteria that causes pimples. Salicylic acid softens accumulated old keratin, and pionin prevents acne suppuration, effectively work together.

Tightens the opened pore

Bigansui can tighten enlarged pores and control the sebum to lead the healthy skin.

Clears away the cause of acne

Gentle Texture with Rich Foam

The rich foam made by fine bubble and gives no burden to skin while washing.

Leaves The Skin Feeling Moist

The natural moisture essence works to moisturize skin when washing & even after.

Mild formula for acnes and the sensitive skin

The history of “Bigansui”

In 1885, when cosmetic products were not popular, Bigansui was made by the founder of the MOMOTANI JUNTENKAN, who was a pharmacist, for his wife suffering from acne. It all began with love.

Achieve a Brighter and Softer Skin by Natural Fruits Power!

Gentle Fruits Peeling!

12 years
No.1 Sales

The best-selling exfoliating gel in Japan

Peeling category in Japan (January 1, 2013 ~ December 31, 2024) Researched by True Data

Mild formula with natural ingredients

Naturally derived fruit AHA & plant BHA. It contains gentle exfoliating ingredients that removes old keratin and achieve smoother skin.

- Fruit AHA**
- Plant BHA**
- Remove old keratin
- Smooth skin
- Brighten skin tone

Vegan Certification

(Certified by The Vegan Society)

Our Peeling Jelly* is skin & environment-friendly products, formulated with the selected ingredients to a sustainable future.

*Peeling Jelly <Mix Fruit>, <Mix Berry>, <Unscented>

How to Home Peeling Facial Care

Step1

Clean the face with cleansing or face wash products. ※Remove makeup

Step2

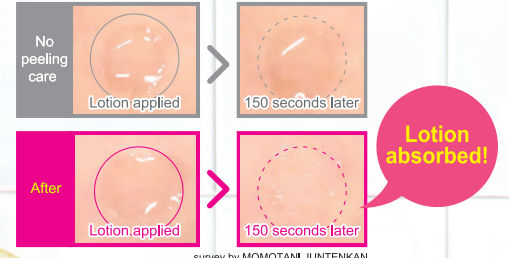

Take a moderate amount and gently massage the worrisome area avoiding eyes and lips. Can be used with wet hands.

Step3

When crumbles come off, rinse thoroughly with water. Do not rub too hard.

Prepping your skin for better absorption of lotion!

Lotion Absorption Test

Comparison of lotion absorption on skin before and after exfoliation.

The Power of Vitamin C

C
vita

Brighter skin for better feeling

#Blotches #Dullness #Stickiness and Shine #Pores #Roughness and Dryness

Alcohol Free

Synthetic Colorant Free

Clear Facial Wash

Thoroughly removes sebum & pore-dirt for brighter look.

Bright up Lotion

Moisturize skin for brighter bare look.

Concentrated Serum

Intensive skin care with high concentrated Vitamin C to brighter skin.

Smooth Cream

Spread smoothly and keep moist and clear bare skin.

Sunscreen Cream

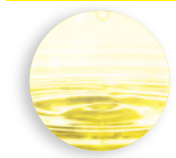

Protects your skin throughout the day with high UV defense.
SPF50+ PA++++

Cream Foundation

Naturally covers uneven skin tone for brighter look.

Vitamin C Derivative + Support ingredients

- Tighten
- Open Pores
- Improve Dullness
- Prevent Dryness

Vitamin C Derivative provides the benefits of Vitamin C with a more effective penetration to skin. It prevents the production of melanin that causes spots and dullness and helps to reduce pigmentation.

History of MOMOTANI JUNTENKAN

As many memories as there is history

The founder, Masajiro Momotani, was born in Kokawa, Kishu (Wakayama prefecture) in 1631. His family had a long history of selling pharmaceuticals. His venture into producing cosmetics started with the creation of Bigansui for his beloved wife. The company's long and distinguished history is marked by trust, performance and a bond with the customers that has been developed over the years. Until now and from here on, we promise to continue to offer the highest quality products.

1885

"BIGANSUI Acne Lotion," created by Masajiro Momotani for his wife who suffered from acnes, was released.

MOMOTANI JUNTENKAN was established in Kokawa (Wakayama Prefecture) by Masajiro.

1902

"BIGANSUI Beauty Lotion" was launched.

1913

A cosmetics testing lab was established ahead of the development of the industry.

"BIGAN Soap" was released in alliance with UK-based Lever Brothers, Inc. (the predecessor to the current Unilever).

1914

The Company had the honor of supplying cosmetics products to the Japanese Imperial family.

1918

Suifu Kishimoto, one of Japan's most renowned Senryu (satirical haiku) poets, joined the Company's advertising department. (satirical haiku) poets, joins joined the Company's advertising department.

1927

Masajiro Momotani was awarded the Legion d'Honneur by the French Government for his significant contribution to promoting the cosmetics industry.

1928

Masajiro Momotani was awarded the Medal with Green Ribbon and the Medal with Dark Blue Ribbon by the Japanese government for his contribution to the cosmetics industry and society at large.

1922

The Company's research laboratory, factory and sales office were relocated to Osaka, which served as the headquarters.

1932

Masayoshi Ohira (later Prime Minister of Japan) joined MOMOTANI JUNTENKAN.

"MEISHOKU Cleansing Cream" was launched, marking the start of the MEISHOKU Brand.

1936

"MEISHOKU Astringent Lotion", featuring a buffer effect, was launched. (Later its process was granted a patent.)

1959

Actresses Kyoko Kagawa and Ruriko Asaoka ere used for advertising for women's cosmetics. For men's cosmetics, baseball player Shigeo Nagashima, actor Yujiro Ishihara, and professional wrestler Rikidozan were used.

1953

Ito Kinuko, Miss Universe Japan and known as a beauty with a well-balanced figure, was used for the Company's advertising.

1962

As an exclusive agency in Japan, the Company concluded a technology/manufacturing tie-up with 4711, a world-renowned German company for Eau de Cologne.

1963

"Jeunesse Enzyme Lotion" (medicated), patented in France and Japan, was launched.

1964

The placenta-essence skin care product "Tarvena Cream" was launched with technological alliance with German pharmaceutical company H.C. Starck.

1976

Actress Sayuri Yoshinaga was used for advertising of the MEISHOKU Gold Series as its image model.

1993

Shifted to group management by newly establishing three companies depending on the type of distribution channels.

1996

Seiichiro Momotani (current President) became Representative Director and President of MOMOTANI JUNTENKAN.

Okayama Factory was constructed.

2005

An aesthetic salon opened.

2016

The headquarters was relocated to Chuo-ku from Minato-ku in Osaka. (A new head office building was constructed.)

2019

"Nikibi-tori Bigansui" is certified as a chemical heritage -Japan's very first Western medicine prescription lotion.

2018

MOMOTANI JUNTENKAN's products were displayed in the special exhibition "A Thousand Wonders of Japanese Technology" held in celebration of the 150th anniversary of the Meiji Period. (Products displayed were BIGANSUI Acne Lotion, a medicine for fever, MEISHOKU Cleansing Cream, and MEISHOKU Astringent Lotion.)

2020

Okayama factory obtained Halal certification, enabling the production of Halal cosmetics.

2021

We launched "HAPPINESS BEAUTE", advocating "sustainable beauty", utilizing our Halal cosmetic manufacturing line.

2022

"HAPPINESS BEAUTE", obtained vegan certification in pursuit of cosmetics that are friendly to both people and the environment.

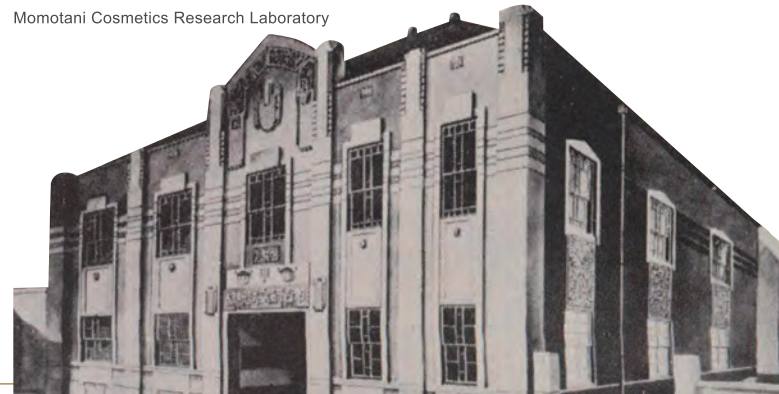

2023

3 products of Detclear Peeling Jelly obtained vegan certification.

2025

MOMOTANI JUNTENKAN Group celebrates its 140th anniversary.

Momotani Cosmetics Research Laboratory

Okayama Factory

MOMOTANI JUNTENKAN STORY

The origin of MOMOTANI JUNTENKAN

Masajiro Momotani the founder of the MOMOTANI JUNTENKAN, was born in the medicinal merchant "Masakiya" who has been serving the Tokugawa dynasty of the Kishu region (present-day Wakayama Prefecture) since the Keicho Period (1615–1624). In 1885, Masajiro Momotani invented "Bigansui" lotion for his lovely wife suffering from acne. Later on, it became popular by word of mouth in all over the Japan and created a precedent for the cosmetics business. In the long history, it is trusted, proud of its achievements, and has established an unshakable solid bond with its customers for a long time. Whether it is now or in the future, we will continue to present products with reliable quality for you.
